

Reflections on the Out of the Cold Programme

A note of Thanks from TKA

Thank you to all of the people who represented us by cooking, serving and providing to those more needy than ourselves this winter. As always, we are proud of the consistent and humble effort you put forth towards taking care of others for the sake of the deed. You are truly a blessing in our community.

Comments from the community at large

"Hi Friends,

Well, we are done for this season and it's been amazing.

Please be sure to read the two notes below.

The registration forms for next year will be up on the website sometime after the holidays, and I will send an email to let you know when it has been done.

Stay warm, and know that your contribution to the programme has brought warmth, companionship, a sense of community and hope to into the lives of our guests.

With lots of respect and love,

Susan"

"Congratulations to all of you on an exceptionally successful eight weeks of Out Of The Cold at Temple Har Zion.

While we are all working away, contributing to our guests and to each other we may lose sight of the huge impact we really make and the significant importance each piece of work you do contributes the smooth running of the eight weeks.

Thank you so very much. You have made a difference and I know you got lots of joy from your efforts.

This year we should have some video and photos taken during one of the nights and we hope to share them with you when they become available.

Thank you. Thank you. Thank you.

With sincere love,

Sid"

"Just wanted to let you know that it has been so wonderful and a privilege working with both of you in the clothing section. Its an honour to work with such enlightened souls. We are sorry that the program has come to an end at Har Zion and look forward, please G-d, to working next year. Thank you so much for allowing us to do a tiny little bit to help with your most beautiful and incredible mitzvah.

Our fellow Kolomites from Kol Ami were so generous looking out their good warm winter clothing and boots and donating money to buy the items you needed. We are so proud to be part of such a caring shul.

Har Zion and you girls truly rock! G-d bless you.

Love and Light

Eva and Marleine"
