

SACRED SPACE UPDATE

September 15, 2011

Dear Kolomites,

As we watch our emerging space together with anticipation, I have listed updates on broad construction items to be complete by this Friday September 16, 2011

1. Foyer coat closets - done
2. Foyer prayer book cabinets - done
3. Sanctuary wood paneling - done
4. Sanctuary venetian plaster well on its way - it will not be complete but it will be clean and lovely for services
5. Reading table - proper height on the floor. We are working on the permanent reading table with the larger proper specs as planned but this one will be usable and look nice for services.

6. Bimah tile - done

7. Ner Tamid - done

8. Ark trim and handles -done

9. Office windows-done

10. Multi-purpose room cabinetry - well on its way

There are multiple small items besides these listed that are added and improved upon daily. I will include an update next week on the remaining items. Please feel free to call me if you have any questions as we complete the project before the High Holy Days are upon us.

Anita Small
